Adherence to Use

The attached listed copy(ies) of materials from the collections of the ASA will be considered for non-exclusive, one-time use only in the publication, project, production, or personal use detailed on this agreement. I understand that any alternate or additional uses, including but not limited to subsequent editions, reprints, re-releases, dust jackets, covers, print or broadcast advertisement, companion formats, and distribution in other markets, constitute a new use which must be documented and approved by the ASA.

Fair Use

I confirm that I am aware of the portion of the copyright law of the United States (Title 17, United States Code), which governs the making of photocopies or other reproductions of copyrighted material, summarized as follows: Under certain conditions specified in the law, libraries and archives are authorized to furnish a photocopy, or other reproduction. The ASA's primary interest is to protect the content of the original. The ASA may enhance the original to allow for better interpretation and understanding of the content. I understand that any manipulation beyond that allowed by the ASA must be approved by the ASA in advance of use, as an addendum to this agreement.
